There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. # Foot Cut Off.

Bob Acres, a well-known colored man of this city, while attempting to board a moving passenger train at Wellington Sunday evening about 7 o'clock, was thrown under the wheels of the car and his right foot so badly crushed and lacerated that amputation, just above the ankle, was necessary. According to witnesses of the accident, Acres and another negro, attempted to board the train just as it was pulling out of Wellington. It seems that Acres and his companion both jumped at the same time but the latter got on first and in some way knocked Bob off. The accident happened at a place where the embankment is high and near the track and it is a miracle that the negro was not killed. Acres was employed at the livery barn of John C. Young, Sr., until a few weeks ago when he went to work at the McGraw mines. The amputation was performed by Dr. Ryland.
